1. INTRODUCTION

- 1.1 The Kansas Statutes on guardianship and conservatorship were substantially revised in the 2002 session of the Kansas Legislature and signed into law by Governor Bill Graves. The changes, which became effective July 01, 2002, revise the procedures for obtaining a guardian or a conservator, and specify duties and responsibilities of those appointed to serve as guardian or conservator.
- 1.2 This guide is an introduction to and an explanation of the major concepts and procedures of the current law.

2. THE GOAL OF GUARDIANSHIP OR CONSERVATORSHIP

- 2.1 Guardianship and conservatorship is an attempt by the state to provide a way to help and protect a person when that person is incapable of self-care or of acting in his or her own best interest. A guardianship or conservatorship, while intended to be helpful, may place the most severe restrictions on a person's freedoms that a court can impose. A guardianship or conservatorship should be used only as a method of last resort and be considered only after all other lesser restrictive alternatives have been explored.
- 2.2 These alternatives may include offering informal community intervention through family, friends, or volunteers with help in such things as shopping for food or providing banking assistance in paying bills. Professional assistance can be found through agencies offering social services, case management and home and community based services. Alternative help with financial affairs can be obtained through Social Security representative payeeships, durable powers of attorney, voluntary conservatorships and, durable power of attorney for health care decisions. The giving of durable powers of attorney and voluntary conservatorships requires that the person involved have capacity at the time he or she signs such agreements.
- 2.3 A guardianship or a conservatorship is not necessarily intended to be forever. The objective – no matter how unlikely it may seem – is to restore the person to complete decision-making capacity and to close the guardianship or conservatorship as expeditiously as possible. The intent should be to create minimal restrictions and to foster the greatest possible degree of comfort, dignity and self-sufficiency.

3. DEFINITIONS AND TERMINOLOGY (K.S.A. 59-3051 et.seq.)

- 3.1 "Adult with an impairment in need of a guardian or a conservator, or both"
Means a person 18 years of age or older, or a minor who is considered to be of the age of majority pursuant to K.S.A. 38-101, and amendments thereto, or upon whom the rights of majority have been conferred pursuant to K.S.A. 38-108, and amendments thereto, whose ability to receive and evaluate relevant information, or to effectively communicate decisions, or both, even with the use of assistive technologies or other supports, is impaired such that the person lacks the capacity to manage such person's estate, or to meet essential needs for physical health, safety or welfare, and who is in need of a guardian or a conservator, or both.

- 3.2 "Appropriate alternative"
Means any program or service, or the use of a legal device or representative, which enables a person with an impairment to adequately meet essential needs for physical health, safety or welfare, or to reasonably manage the person's estate. Appropriate alternatives may include, but are not limited to: power of attorney, durable power of attorney, power of attorney for health care decisions, living will, trust, joint tenancy and representative payee.
- 3.3 "In need of a guardian"
A person who, because of both an impairment and the lack of appropriate alternatives for meeting essential needs, requires the appointment of a guardian.
- 3.4 "Meet essential needs for physical health, safety or welfare"
Means making those determinations and taking those actions which are reasonably necessary in order for a person to obtain or be provided with shelter, sustenance, personal hygiene or health care, and without which serious illness or injury is likely to occur.
- 3.5 "In need of a conservator"
A person who, because of both an impairment and the lack of appropriate alternatives for managing such person's estate, requires the appointment of a conservator.
- 3.6 "Manage such person's estate"
Means making those determinations and taking those actions which are reasonably necessary in order for a person to receive and account for personal or business income, benefits and property, whether real, personal or intangible and except for reasons of indigency; to purchase or otherwise obtain necessary goods or services; to pay debts and expenses; to sell, exchange or otherwise dispose of property; and to plan for future accumulation, conservation, utilization, investment, and other disposition of financial resources.
- 3.7 "Conservator"
An individual or a corporation who or which is appointed by the court to act on behalf of a conservatee.
- 3.8 "Conservatee"
A person who has a conservator.
- 3.9 "Guardian"
Means an individual or a corporation certified in accordance with K.S.A. 2002 Suppl.59-3070 and amendments thereto, who or which is appointed by a court to act on behalf of a ward.
- 3.10 "Ward"
A person who has a guardian.
- 3.11 "Natural guardian"
Means both the biological or adoptive mother and father of a minor if neither parent has been found to be an adult with an impairment in need of a guardian or has had parental rights terminated by a court of competent jurisdiction. If either parent of a minor is

deceased, or has been found to be an adult with an impairment in need of a guardian or has had parental rights terminated by a court of competent jurisdiction, then the other parent shall be the natural guardian, unless also deceased, or found to be an adult with an impairment in need of a guardian, or has had parental rights terminated by a court of competent jurisdiction, in which case no person shall qualify as the natural guardian.

3.12 "Minor" - child under the age of 18

Minors are wards of their parents (or, in some cases, of court appointed adults) because they are under the age of 18. Parents (or a parent) are considered to be the "natural guardians" and, by implication, conservators of their minor child's life and personal money.

3.13 "Minor with an impairment in need of a guardian or conservator, or both"

Means a person under 18 years of age who otherwise meets the definition of an "adult with an impairment in need of a guardian or conservator, or both" and whose impairment is expected to continue beyond the age of 18. The adjudication and orders will follow the minor into adulthood. A parent is not automatically the guardian of a son or daughter when the child becomes 18 years old. If a parent wishes to become the guardian of his or her adult child, only by court order following a specific due process procedure can the child be made a ward and the parent be appointed the guardian.

3.14 "Person who has been previously adjudicated as impaired in another state"

Allows that, for a ward or conservatee who resides out-of-state, the out-of-state guardian or conservator may file a petition in Kansas asking the court to give full faith and credit to the other state's adjudication and to appoint a guardian or conservator in Kansas.

3.15 "Person in need of an ancillary conservator"

Means a conservatee who is not residing in Kansas and who has been adjudicated in need of a conservator in another state, and who has property in Kansas for which a conservator is required.

3.16 Voluntary Conservatee

A person who voluntarily requests a court appointed conservator to assist with managing his or her finances and property, and is not adjudicated as in need of a guardian or conservator under Kansas law. (K.S.A. 59-3056 et. seq.).

3.17 Temporary Guardian or Conservator

After a petition for a hearing on a proposed ward or conservatee has been filed, a situation may arise where there exists imminent danger to the physical health or safety of the person or that there exists imminent danger that the estate of the person will be significantly depleted while the details of the hearing procedure have not yet been satisfied. In these situations the court may appoint a temporary guardian or conservator (K.S.A. 59-3073).

The court can decide if a guardianship or conservatorship is needed and can appoint an emergency appointee who shall be assigned specific duties and powers necessary to protect against the imminent dangers shown or the depletion of financial resources.

3.18 Standby Guardian or Conservator

The court may appoint another person to assume the duties and powers assigned to the guardian or conservator upon the resignation, disability, temporary absence or death of

the guardian or conservator. This assures wards and conservatees and those who care about them that adequate provision is made for ongoing supervision of the wards' welfare or conservatees' estate (K.S.A. 59-3074).

3.19 Successor Guardian or Conservator

Successor guardians or conservators are persons appointed to succeed individuals earlier appointed as guardians or conservators (K.S.A. 59-3088 et. seq.).

3.20 Co-Guardian and Co-Conservator

The court may appoint one or more individuals (or corporations) to serve as guardian or conservator for an individual and shall specify if the co-guardians or co-conservators may act independently or only in concert (K.S.A. 59-3087 et. seq.).

3.21 Adjudication

The trial process in which the court makes a finding of whether or not a person is determined to be legally in need of a guardian or conservator, or both.

3.22 Venue

Venue of guardianship and conservatorship proceedings provides that guardianship proceedings may be had in the proposed ward's county of residence or where the proposed ward may be found. Conservatorship proceedings may be had in the proposed conservatee's county of residence or if the proposed conservatee resides outside the state, in any county in which the proposed conservatee's property is located. In a combined guardianship and conservatorship proceeding, venue is exclusively in the proposed ward and conservatee's county of residence.

4. PRIORITY OF WHO MAY BE APPOINTED AS GUARDIAN OR CONSERVATOR (K.S.A. 59-3068 et. seq.)

4.1 The court in appointing a guardian or conservator shall give priority in the following order to:

1. the nominee of the proposed ward or proposed conservatee, if the nomination is made within any durable power of attorney;
2. the nominee of a natural guardian;
3. the nominee of a minor who is the proposed ward or proposed conservatee, if the minor is over 14 years of age;
4. the nominee of the spouse, adult child or other close family member of the proposed ward or proposed conservatee; or
5. the nominee of the petitioner.

4.2 Before appointing a guardian or conservator the court shall: consider the workload, capabilities and potential conflicts of interest of the proposed guardian or conservator; give particular attention in making the appointment to the number of other cases in which the proposed guardian or conservator, other than a corporation, is currently serving as guardian or conservator, particularly if that number is more than 15 or more wards or conservatees. In appointing a guardian for a person who is an adherent of a religion whose tenets and practices call for reliance on prayer alone for healing, the court shall consider, but shall not be limited to, the appointment of an individual as guardian who is sympathetic to and willing to support this system of healing.

4.3 The court shall determine that the individual who is eligible for appointment is required to be a "fit and proper person" or a "suitable person." The court may order an investigation of the past history and character of a proposed guardian.

5. INDIVIDUAL OR CORPORATE GUARDIANS

5.1 K.S.A. 59-3070 provides that a guardian may be either an individual or a corporation. A corporation, in order to be eligible for appointment as a guardian, must be a private, nonprofit corporation that is suitable to perform the duties of a guardian as certified by the Secretary of Social and Rehabilitation Services (K.S.A. 59-3070 (c)).

13. PROCEDURES FROM PETITION TO APPOINTMENT OF GUARDIAN OR CONSERVATOR

13.1 Kansas law intends to provide for orderly legal and judicial procedures that ensure the rights of proposed wards or conservatees. Some of these procedures are especially designed to safeguard the rights of minors, others are for those who may need voluntary conservatorships, while still others are to give due process to those who may become

"an adult with an impairment in need of a guardian or conservator."

13.2 Petition

For the appointment of a guardian or conservator the first step is the filing of a petition. The petition is a legal document prepared by an attorney that is filed by any adult asking that the district court appoint a guardian or conservator for an adult or for a minor. This petition includes but is not limited to the name and address of the proposed ward or conservatee, reasons why the need exists, names and addresses of nearest relatives, the extent of the estate of the proposed ward or conservatee, and the names and addresses of those who can provide testimony that the person needs a guardian or conservator.

13.3 Mandatory Orders (K.S.A. 59-3063 et.seq.)

A series of orders are issued by the court upon the filing of the petition. The court shall order the following:

- an order fixing the date, time and place of the trial on the petition
- an order requiring that the proposed ward or proposed conservatee appear at the time and place of the trial (unless there is a court finding that the person's presence will be injurious to the person's health or welfare)
- an order appointing an attorney
- an order fixing the date, time and a place for the proposed ward or proposed conservatee to consult with his or her court appointed attorney
- an order for an examination and evaluation if no report accompanies the petition, or if the court finds that the examination and evaluation does not meet statutory requirements

13.4 Examination and Evaluation (K.S.A. 59-3064 et.seq.)

The examination and evaluation report should contain a description of the person's physical and mental condition, cognitive and functional abilities and limitations, adaptive behaviors, social skills, educational and developmental potential, prognosis for improvement and recommendation for treatment or rehabilitation as appropriate. The professional completing the report must also state his or her opinion as to whether the person is impaired and in need of a guardian or conservator, or both, and whether the person could meaningfully participate in the proceedings.

13.5 Notices (K.S.A. 59-3066 et.seq.)

A series of notices are given by the court to those persons who are involved in the trial. A notice shall be given to the proposed ward or conservatee, to the attorney of the proposed ward or conservatee, and to any other persons whom the court believes it appropriate to notify. Certain persons may be ordered to serve the notice that states that a petition for a trial has been filed, the time and place of the trial, that the proposed ward or conservatee has a right to be present, etc. This notice must be personally served on the proposed ward or conservatee and the attorney of the proposed ward or conservatee not less than ten days prior to the date of the hearing.

13.6 Trial (K.S.A. 59-3067 et. seq.)

The trial may be held before a judge or a jury. If the proposed ward or conservatee asks in writing for the trial to be held before a jury, a jury of six persons shall be selected. Whether the trial is before a judge or a jury, the requirement is that the trial shall be conducted in as informal a manner as may be consistent with orderly procedure.

13.7 Findings

If at the completion of the trial, the judge or the jury may find that by clear and convincing evidence the proposed ward or conservatee has not been shown to be an adult or a minor with an impairment in need of a guardian or conservator, the court shall terminate the proceedings. If, however, the court or the jury finds by clear and convincing evidence that the proposed ward or conservatee is either an adult or a minor with an impairment in need of a guardian or conservator, the court shall set forth the findings of fact in the court's order and issue the appropriate letters.

13.8 Oath of Guardianship or Conservatorship (K.S.A. 59-3069)

Before the letters are actually issued, the individual or the nonprofit corporation that is to be appointed guardian(s) will be asked to file a written oath of guardianship reflecting the guardian or conservator will faithfully discharge all duties assigned by the court. The conservator, as a fiduciary, will also be required to file a written oath, that he or she will faithfully discharge all the duties that are assigned by the court.

13.9 Bond of Conservatorship (K.S.A. 59-3069)

14.1 At any time the court may require the guardian or the conservator or the guardian or conservator may at any time choose to develop and file with the court a plan of care of the ward.

14.2 A guardianship or a conservatorship plan may not be required in every case, however, in those cases where the person is capable of making some decisions, the plan can set out which decisions should be left to the individual.

14.3 The guardianship plan may provide for, but need not be limited to provisions regarding where the ward will reside, what restrictions may be placed upon the persons with whom the ward may associate and how much autonomy the ward will have to make decisions regarding, for example, employment, education and travel.

The plan may also contain provisions regarding use of the ward's financial assets if no conservator has been appointed.

14.4 A conservatorship plan may include provisions regarding the type and amount of funds over which the conservatee may have control, and how the conservator may protect the

eligibility of the conservatee for public benefits.

- 14.5 Once a plan is filed, the court may order notice to all interested parties, and may also order a hearing if requested. The court may order a plan to be withdrawn or amended.

- 15.3 If not, the court may dismiss the petition, or, may order an examination and evaluation of the person.
- 15.4 Once the court finds probable cause, it may appoint an attorney for the ward or conservatee and set the petition for hearing.

- 16.3 The court may then set a hearing on the matter.
- 16.4 In addition to the usual annual reports and accountings, there are 5 (five) specific circumstances which would trigger the filing of a special report or accounting with the court: change of address of the guardian or conservator; change of residence or placement of the ward or conservatee; significant change in the health or impairment of the ward or conservatee; the acquisition, receipt or accumulation of property or income by the ward which would cause the value of the ward's estate to equal or exceed \$10,000; or the death of the ward or conservatee.

A "poverty affidavit" as provided for in the code of civil procedure may be filed with the court when a person is unable to pay by reason of indigence. Upon the filing of a petition, the court may allow and order payment for various costs and fees related to the case.
- 18.2 Costs and fees may be allowed for the following:
- any professional services ordered performed by the court
 - counsel for the proposed ward and/or proposed conservatee when counsel is appointed by the court

- 18.3 The costs shall be taxed to the estate of the proposed ward or conservatee, to those bound by law to support the proposed ward or conservatee, to other parties whenever it would be just and equitable to do so, or to the county of residence of the proposed ward or conservatee. In the event of any contested proceeding or matter, the court, in its discretion, may require one or more parties to give security for the costs.
